Benn, J.: The prognosis of patent ductus arteriosus. 283.
Biörck, Gunnar: Ergotamine and apparent coronary insufficiency. 181.
—— (and G. Nylin): Phonocardiograms of auricular murmurs: from a case with mitral stenosis and heart block. 16.
Bramwell, Crighton: Coarctation of the aorta. Part II: clinical features. 100.
Branwood, A. W.: A case of perforated duodenal ulcer and cardiac infarction. 263.
Burger, H. C. (and J. B. Van Milaan): Heart-vector and leads. Part II. 154.

C

Campbell, Maurice (and S. Suzman): Coarctation of the aorta. 185.
Caudwell, G. C. (and G. W. Manning): The Effect of demerol, ergotamine, and dihydro-ergotamine on mortality after coronary occlusion in dogs. 85.
Cossio, Pedro (and Ricardo G. Dambrosi and H. F. Warnford-Thomson): The first heart sound in auricular and ventricular extrasystoles. 275.

D

Dambrosi, Ricardo G. (and Pedro Cossio and H. F. Warnford-Thomson): The first heart sound in auricular and ventricular extrasystoles. 275.

E

East, Terence (and Samuel Oram): The heart in scleroderma. 167.
Evans, William: Heart murmurs. Part I. 1.
——: Heart murmurs. Part II. 225.

F

Forgacs, Paul: Congenital heart disease with isolated inversion of the abdominal viscera. 27.

H

Herring, R. (and A. Morgan Jones, F. A. Langley, and S. Oleesky): Penicillin treatment of subacute bacterial endocarditis. 38.
Herson, R. N. (and F. L. Willington): Chronic auricular tachycardia. 19.
Howarth, Sheila (and J. McMichael and E. P. Sharpey-Schafer): Cardiac catheterization in cases of patent interauricular septum, primary pulmonary hypertension, Fallot's tetralogy and pulmonary stenosis. 292.
Hume, W. E.: Thomas Wardrop Griffith. 77.

J

Jones, A. Morgan (and R. Herring, F. A. Langley, and S. Oleesky): Penicillin treatment of subacute bacterial endocarditis. 38.

K

Kauntze, Ralph: Subacute bacterial endocarditis with onset as optic neuritis. 34.
——: Unusual longevity in aneurysm of the thoracic aorta. 96.

L

Langley, F. A. (and A. Morgan Jones, R. Herring, and S. Oleesky): Penicillin treatment of subacute bacterial endocarditis. 38.
Librach, I. M.: Infective endocarditis of the tricuspid valve. 65.

M

Mainzer, F.: Electrocardiographic study in typhoid myocarditis. 145.
Manning, G. W. (and G. C. Caudwell): The effect of demerol, ergotamine, and dihydro-ergotamine on mortality after coronary occlusion in dogs. 85.
McMichael, J. (and Sheila Howarth and E. P. Sharpey-Schafer): Cardiac catheterization in cases of patent interauricular septum, primary pulmonary hypertension, Fallot's tetralogy, and pulmonary stenosis. 292.

N

Nylin, G. (and G. Biörck): Phonocardiograms of auricular murmurs: from a case with mitral stenosis and heart block. 16.

O

Oleesky, S. (and A. Morgan Jones, R. Herring, and F. A. Langley): Penicillin treatment of subacute bacterial endocarditis. 38.
Oram, Samuel (and Terence East): The heart in scleroderma. 167.

P

Papp, Cornelio (and John Parkinson): Repetitive paroxysmal tachycardia. 241.
Parkinson, John (and Cornelio Papp): Repetitive paroxysmal tachycardia. 241.
Perry, C. Bruce: Charles Herapath. 80.

S

Schnitzer, Robert: Myocardial tuberculosis with paroxysmal ventricular tachycardia. 213.
Sharpey-Schafer, E. P. (and Sheila Howarth and J. McMichael): Cardiac catheterization in cases of inter-auricular septum, primary pulmonary hypertension, Fallot's tetralogy, and pulmonary stenosis. 292.
Snaith, Linton (and Paul Szekely): The heart in toxæmia of pregnancy. 128.
Steen, R. E.: Paroxysmal tachycardia followed by temporary inversion of the T waves. 81.
Stokes, Wilfred: Paroxysmal heart block in bundle branch block. 267.
Suzman, S. (and Maurice Campbell): Coarctation of the aorta. 185.
Szekely, Paul (and Linton Snaith): The heart in toxæmia of pregnancy. 128.

V

Van Milaan, J. B. (and H. C. Burger): Heart-vector and leads. Part II. 154.
Vulliamy, D. G.: Idiopathic cardiac hypertrophy. 161.

W

Warnford-Thomson, H. F. (and Pedro Cossio and Ricardo G. Dambrosi): The first heart sound in auricular and ventricular extrasystoles. 275.
Watts, R. W. E.: Testicular teratoma with extensive intracardiac metastases. 175.
Willington, F. L. (and R. N. Herson): Chronic auricular tachycardia. 19.

INDEX OF SUBJECTS

A

Abstracts of Cardiology. 69, 138, 220.
Aneurysm of the thoracic aorta, unusual longevity in (Ralph Kauntze). 96.
Aorta, coarctation of the (Maurice Campbell and S. Suzman). 185.
Aorta, coarctation of. Part II: clinical features (Crighton Bramwell). 100.
Auricular and ventricular extrasystoles, the first heart sound in (P. Cossio, R. G. Dambrosi, and H. F. Warnford-Thomson). 275.
Auricular murmurs, phonocardiograms of: from a case with mitral stenosis and heart block (G. Nylin and G. Biörck). 16.
Auricular tachycardia, chronic (R. N. Herson and F. L. Willington). 19.

B

Bacterial endocarditis, subacute, with onset as optic neuritis (Ralph Kauntze). 34.
Bacterial endocarditis, penicillin treatment of subacute (A. Morgan Jones, R. Herring, F. A. Langley, and S. Oleesky). 38.
Block, paroxysmal heart, in bundle branch block (Wilfred Stokes). 267.
Bundle branch block, paroxysmal heart block in (Wilfred Stokes). 267.

C

Cardiac catheterization in cases of patent interauricular septum, primary pulmonary hypertension, Fallot's tetralogy, and pulmonary stenosis (Sheila Howarth, J. McMichael, and E. P. Sharpey-Schafer). 292.
Cardiac hypertrophy, idiopathic (D. G. Vulliamy). 161.
Cardiac infarction, a case of perforated duodenal ulcer and (A. W. Branwood). 263.
Cardiac Society, Proceedings of the British. 304.
Cardiology, abstracts of. 69, 138, 220.
Catheterization, cardiac, in cases of congenital heart disease etc. (Sheila Howarth, J. McMichael, and E. P. Sharpey-Schafer). 292.
Chronic auricular tachycardia (R. N. Herson and F. L. Willington). 19.
Coarctation of the aorta (Maurice Campbell and S. Suzman). 185.
Coarctation of the aorta. Part II: clinical features (Crighton Bramwell). 100.
Congenital heart disease etc. cardiac catheterization in cases of (Sheila Howarth, J. McMichael, and E. P. Sharpey-Schafer). 292.
Congenital heart disease with isolated inversion of the abdominal viscera (Paul Forgacs). 27.
Coronary insufficiency, ergotamine and apparent (Gunnar Biörck). 181.
Coronary occlusion in dogs, the effect of demerol, ergotamine, and dihydro-ergotamine on mortality after (G. W. Manning and G. C. Caudwell). 85.

D

Demerol, ergotamine, and dihydro-ergotamine on mortality after coronary occlusion in dogs, the effect of (G. W. Manning and G. C. Caudwell). 85.
Dihydro-ergotamine on mortality after coronary occlusion in dogs, the effect of demerol, ergotamine, and (G. W. Manning and G. C. Caudwell). 85.
Ductus arteriosus, the prognosis of patent (J. Benn). 283.
Duodenal ulcer and cardiac infarction, a case of perforated (A. W. Branwood). 263.

E

Effect of demerol, ergotamine, and dihydro-ergotamine on mortality after coronary occlusion in dogs (G. W. Manning and G. C. Caudwell). 85.
Electrocardiographic study in typhoid endocarditis (F. Mainzer). 145.
Endocarditis, infective, of the tricuspid valve (I. M. Librach). 65.
Endocarditis, penicillin treatment of subacute bacterial (A. Morgan Jones, R. Herring, F. A. Langley, and S. Oleesky). 38.
Endocarditis, subacute bacterial, with onset as optic neuritis (Ralph Kauntze). 34.
Ergotamine and apparent coronary insufficiency (Gunnar Biörck). 181.
Ergotamine and dihydro-ergotamine on mortality after coronary occlusion in dogs, the effect of demerol, and (G. W. Manning and G. C. Caudwell). 85.
Extrasystoles, the first heart sound in auricular and ventricular (P. Cossio, R. G. Dambrosi, and H. F. Warnford-Thomson). 275.

F

Fallot's tetralogy, cardiac catheterization in cases of congenital heart disease and (Sheila Howarth, J. McMichael, and E. P. Sharpey-Schafer). 292.
First heart sound in auricular and ventricular extrasystoles (P. Cossio, R. G. Dambrosi, and H. F. Warnford-Thomson). 275.

G

Griffith, Thomas Wardrop (W. E. Hume). 77.

H

Heart block, paroxysmal, in bundle branch block (Wilfred Stokes). 267.
Heart in scleroderma (Terence East and Samuel Oram). 167.
Heart in toxæmia of pregnancy (Paul Szekely and Linton Snaith). 128.
Heart murmurs. Part I (William Evans). 1.
Heart murmurs. Part II (William Evans). 225.
Heart sound, first, in auricular and ventricular extrasystoles (P. Cossio, R. G. Dambrosi, and H. F. Warnford-Thomson). 275.
Heart-vector and leads. Part II (H. C. Burger and J. B. Van Milaan). 154.
Herapath, Charles (C. Bruce Perry). 80.
Hypertension, cardiac catheterization in cases of congenital heart disease and primary pulmonary (Sheila Howarth, J. McMichael, and E. P. Sharpey-Schafer). 292.
Hypertrophy, idiopathic cardiac (D. G. Vulliamy). 161.

I

Idiopathic cardiac hypertrophy (D. G. Vulliamy). 161.
Infective endocarditis of the tricuspid valve (I. M. Librach). 65.
International Conference of Physicians, Proceedings of the. 311.
Intracardiac metastases, testicular teratoma with extensive (R. W. E. Watts). 175.
Inversion of the abdominal viscera, congenital heart disease with isolated (Paul Forgacs). 27.
Inversion of the T waves, paroxysmal tachycardia followed by temporary (R. E. Steen). 81.

L

Leads, heart-vector and. Part II. (H. C. Burger and J. B. Van Milaan). 154.

M

Murmurs, heart. Part I (William Evans). 1.
Murmurs, heart. Part II (William Evans). 225.
Murmurs, phonocardiograms of auricular: from a case with mitral stenosis and heart block (G. Nylin and G. Biörck). 16.
Myocardial tuberculosis with paroxysmal ventricular tachycardia (Robert Schnitzer). 213.
Myocarditis, electrocardiographic study in typhoid (F. Mainzer). 145.

O

Occlusion in dogs, the effect of demerol, ergotamine, and dihydro-ergotamine on mortality after coronary (G. W. Manning and G. C. Caudwell). 85.

P

Paroxysmal heart block in bundle branch block (Wilfred Stokes). 267.
Paroxysmal tachycardia followed by temporary inversion of the T waves (R. E. Steen). 81.
Paroxysmal, tachycardia, repetitive (John Parkinson and Cornelio Papp). 241.
Paroxysmal ventricular tachycardia, myocardial tuberculosis with (Robert Schnitzer). 213.
Patent ductus arteriosus, the prognosis of (J. Benn). 283.
Patent interauricular septum, cardiac catheterization in cases of congenital heart disease and (Sheila Howarth, J. McMichael, and E. P. Sharpey-Schafer). 292.
Penicillin treatment of subacute bacterial endocarditis (A. Morgan Jones, R. Herring, F. A. Langley, and S. Oleesky). 38.
Perforated duodenal ulcer and cardiac infarction, a case of (A. W. Branwood). 263.
Phonocardiograms of auricular murmurs: from a case of mitral stenosis and heart block (G. Nylin and G. Biörck). 16.
Pregnancy, the heart in toxæmia of (Paul Szekely and Linton Snaith). 128.
Proceedings of the British Cardiac Society. 304.
Proceedings of the International Conference of Physicians. 311.
Prognosis of patent ductus arteriosus (J. Benn). 283.
Pulmonary hypertension, cardiac catheterization in cases of congenital heart disease and (Sheila Howarth, J. McMichael, and E. P. Sharpey-Schafer). 292.
Pulmonary stenosis, cardiac catheterization in cases of congenital heart disease and (Sheila Howarth, J. McMichael, and E. P. Sharpey-Schafer). 292.

R

Repetitive paroxysmal tachycardia (John Parkinson and Cornelio Papp). 241.

S

Scleroderma, the heart in (Terence East and Samuel Oram). 167.
Stenosis, cardiac catheterization in cases of congenital heart disease and pulmonary (Sheila Howarth, J. McMichael, and E. P. Sharpey-Schafer). 292.
Subacute bacterial endocarditis with onset as optic neuritis (Ralph Kauntze). 34.
Subacute bacterial endocarditis, penicillin treatment of (A. Morgan Jones, R. Herring, F. A. Langley, and S. Oleesky). 38.

T

Tachycardia, chronic auricular (R. N. Herson and F. L. Willington). 19.
Tachycardia, myocardial tuberculosis with paroxysmal ventricular (Robert Schnitzer). 213.
Tachycardia, paroxysmal, followed by temporary inversion of the T waves (R. E. Steen). 81.
Tachycardia, repetitive paroxysmal (John Parkinson and Cornelio Papp). 241.
Teratoma, testicular, with extensive intracardiac metastases (R. W. E. Watts). 175.
Testicular teratoma with extensive intracardiac metastases (R. W. E. Watts). 175.
Toxæmia of pregnancy, the heart in (Paul Szekely and Linton Snaith). 128.
Tricuspid valve, infective endocarditis of the (I. M. Librach). 65.
Tuberculosis, myocardial, with paroxysmal ventricular tachycardia (Robert Schnitzer). 213.
T waves, paroxysmal tachycardia followed by temporary inversion of (R. E. Steen). 81.
Typhoid myocarditis, electrocardiographic study in (F. Mainzer). 145.

U

Unusual longevity in aneurysm of the thoracic aorta (Ralph Kauntze). 96.

V

Ventricular extrasystoles, the first heart sound in auricular and (P. Cossio, R. G. Dambrosi, and H. F. Warnford-Thomson). 275.
Ventricular tachycardia, myocardial tuberculosis with paroxysmal (Robert Schnitzer). 213.
